

U.S.KIDSGOLF

Shop 24/7 at [uskidsgolfpro.com](https://uskidsgolfpro.com)

## Thank you for being a valuable customer of U.S. Kids Golf.

To help you better serve your customers, we have enclosed our new **2024 Fitting Chart**. Please set up in an easy-to-find location that shows your commitment to properly fitting kids for their equipment. A door frame or wall edge works well. You can also order our **Fitting Stick** by calling customer service at 888.387.5437.

### Installation Guide

1. Find a location with a clean surface.
2. On the back of the chart, peel the protective backing to expose the adhesive.
3. Align the bottom of the chart with the floor.
4. Press firmly to ensure proper adhesion.
